PROFESSIONAL ORGANIZING FOR HOW YOU LIVE

THE CLIENT EXPERIENCE

WHAT WE DO

The Clutter Curator helps create order in our client's homes, revealing a refreshed sense of freedom and possibility in their life.

Our team works closely with you to talk through the challenges of your space, thoughtfully work to remove what is not serving you, and then co-develops a new organized hierarchy for your things.

Together, we will create the foundation for new lifelong habits that will help navigate your daily experience with freedom, ease, and the space to enjoy life's big moments.

Let's discuss what's going on in your life and what your goals are. No judgement. We'll figure it out together. We want to create a lasting solution that will affect you in a positive way each and every day.

WE LOOK TO UNDERSTAND THE WHOLE PICTURE.

HAPPY CLIENTS

"They recently did my office and walking in is happiness! We open cabinets without stuff falling on us. My kids don't ask me a million times where something is. We have a system in place so it's been easy to put things away and keep clean."

-ALISON B.

HOW IT WORKS

We don't believe in throwing things out that you need (or love) simply in the name of de-cluttering. Understanding every client's needs are different and making sure we are providing you with a solution that meets your needs is what we strive for.

CONSULT

Each client relationship starts with a 30-minute consultation call to review what challenges you are facing in your space and to learn what your goals are for our time together.

PLAN

After our consultation, we will create a plan specific for your space. We will pull together product suggestions and the estimated time to complete your project.

TRANSFORM

On the day of your session, we will arrive with everything needed to transform your space. We sort, edit, and organize your home. We even take all your donations away so you are left to enjoy your fresh space.

LASTING RESULTS

"They were wonderful, extremely professional, and supportive in helping me purge the unnecessaries. They also gave me tips and tricks on how to keep it that way! Thanks to them, I sleep soundly at night and enjoy coming home to a stress-free environment."

-LINDSEY M.

HOW WE CAN HELP

SELLING?

Need to declutter and stage your home? We can help with rearranging your furniture, simplifying your home and setting it up for potential buyers to easily see themselves living there.

BOUGHT A HOUSE?

Before you pack up all your clutter let's declutter and plan your move. We ensure movers pack everything efficiently so unpacking is a breeze!

MOVING?

We can manage your entire move or simply unpack a few key rooms so you can quickly settle into your new home.

GROWING YOUR FAMILY?

Kids come with a lot of clutter! We can help open up space for your newest family member and show you how to manage it as they continue to grow.

FEELING OVERWHELMED?

Simply feeling overwhelmed in your space? We work with clients to organize and reset even the smallest rooms in their home.

REAL CHANGE

"The Clutter Curator made my move-in process an absolute pleasure. I was so overwhelmed. They helped me go through all my things and pare down what I really loved and wanted to keep. They organized my closet beautifully - everything has a place, nothing is stuffed or squished, and it's absolutely beautiful - I'm so proud of it!"

-MEGAN

THE INVESTMENT

Every project is different. We work to tailor our pricing to accomplish your goals and stay within your budget leaving you with a perfectly curated home that you can enjoy.

"I'm absolutely in love with my closet and how everything looks! It's been months and it still looks picture perfect."

-KATIE L.

TEAM SESSIONS

Team sessions are for clients that are ready to make big changes in their home quickly. Teams include 2-6 organizers depending on the scope of the project.

PROJECT PRICING

Project pricing is best for clients that are looking for help managing a move, a full home pack/unpack and organize, or a full home organizing with a large volume of clutter. Pricing will be provided after an initial conversation to better understand the size, scope and timeline of the project.

LET'S GET
STARTED.

Set any anxiety or worries aside, this is our passion
and we are thrilled to start working alongside you!
